

Do you want to assist in Cholesterol Treatment Research?

We are looking for male or female volunteers, 18 to 75 years, to take part in a clinical trial of an investigational medication to control cholesterol.

You will be medically supervised. There will be no costs involved.

If you are interested in learning more about this study, please call

Brisbane South Clinical Research Centre on 3395 0077

Email: bscrc@bigpond.net.au

This project has been approved by the University of Queensland Medical Research Ethics Committee
